Many anti-virus programs detect game files as a "virus" because the game files contained cracked files which make the game run. A lot of these anti-virus companies get paid to do this, that way you buy the game instead. To prevent this, disable your anti virus, then re-extract the .zip file and the game will run. Every game on this site was tested on our own computers, so you can be insured that it's not a real virus. Anything your AV may tell you, is a false positive. 99% of the time, the errors come from missing programs. Check for a Redist or CommonRedist folder, and be sure to install all the required software in those folders: DirectX, vcredist, DotNet, etc. Another useful tip is to disable any form of anti virus programs AND windows defender if the game doesn't run. Usually, you don't need to do this, but some AV detect the game files as a "crack" and remove them Softonic review FIFA Manager 13 is a handy, trial version game only available for Windows, belonging to the category PC games with subcategory Sport and has been created by Electronic Arts.
